Our school is committed to supporting student success. If a student experiences difficulty in academics or behavior, a plan is established for improvement. It is important for schools and families to work together to achieve this. With partnership in mind, **we appreciate your support in emphasizing appropriate school behaviors with your child.** Your participation as a team member helps students gain a consistent message about school expectations. We will keep you informed of your child's progress. Thank you for your support.

At this time, this report is for your information. If your child displays further behavioral missteps, we may contact you to attend a Behavior Intervention Team Meeting. If you would like to request a Behavioral Intervention Team Meeting, please call the school at 419-562-6089.
